

## 1910 Vernon Directories

An incorporated city on the Shuswap and Okanagan Railway (CPR), 46 miles from Sicamous Junction, and has in addition to the government offices, branches of the Bank of Montreal and the Royal Bank, and also two newspapers, which have creditably reflected the enterprise of the district. It has daily communication via the Canadian Pacific Railway, with the southern country, and as far as the International boundary by means of steamers on the Okanagan and Dog Lakes, and by stages to various points of the district.

The city is beautifully situated and the climate is healthful and exhilarating and will undoubtedly attract a large population of farmers and small holders from other parts in Canada, seeking for such conditions as exist there. It boasts of all modern improvements, such as municipally owned water and electric light systems, sewerage, public and high schools, five churches, two banks. Has many fine mercantile establishments, well equipped hotels and sewage systems, fruit packing houses, saw mills, sash and door factories, and other flourishing industries. Many fine drives and good level roads lead to the large tract of orchards by which it is surrounded. It has two beautiful lakes within easy distance, one being 2½ and the other 5 miles from the city. The shores of these lakes are the summer resort of a very large portion of the inhabitants of the city, affording as they do excellent advantages for boating, camping, fishing, etc.

In the immediate neighborhood some thousands of acres of orchards with a further large acreage that is classed as first class fruit land. The celebrated Coldstream Ranch is in this district.

### Population 3,000

- Allen, Merrill, (Merrill & Martin) groceries, crockery, and men's furnishings
